The total number of military personnel is over 3.6 million strong, including DoD Active Duty military personnel ( $1,411,425$ ); DHS's Active Duty Coast Guard members (42,011); DoD Ready Reserve and DHS Coast Guard Reserve members (1,079,355); members of the Retired Reserve $(214,727)$ and Standby Reserve $(21,363)$; and DoD appropriated and non-appropriated-fund civilian personnel $(921,389)$. DoD's Active Duty and DHS's Coast Guard Active Duty members comprise the largest portion of the military force (39.4\%), followed by Ready Reserve members (29.2\%) and DoD civilian personnel (25.0\%).

## Active Duty Member Highlights

Service Branches. The Army has the largest number of Active Duty members $(561,437)$ followed by the Air Force $(328,821)$, the Navy $(320,141)$, and the Marine Corps $(201,026)$. There are also 42,011 Active Duty members of the DHS's Coast Guard. At a total of 1,453,436 DoD Active Duty and DHS Coast Guard Service members, the military force of 2011 is 5.7 percent smaller than it was in 1995 (when there were 1,540,865 Active Duty members). The percentage change in the number of Active Duty members varies by Service branch. Compared to 1995, the Coast Guard has increased 18.1 percent, while the Marine Corps has increased 15.2 percent and the Army has increased 11.2 percent. Conversely, the number of Active Duty members is lower in 2011 compared to 1995 for the Navy (25.5\%) and Air Force (17.0\%).

Ratio of Ranks. The DoD Active Duty force has one officer for every 4.9 enlisted personnel. In comparison, the Air Force has one officer for every 4.0 enlisted personnel, the Army has one officer for every 4.8 enlisted personnel, the Navy has one officer for every 5.0 enlisted personnel, and the Marine Corps has one officer for every 8.2 enlisted personnel.

[^0]percentage of Active Duty members who identify themselves as a minority is greater in 2011 than it was in 1995 (from 10.5\% of officers and 28.2\% of enlisted members in 1995, to 23.0\% of officers and $31.7 \%$ of enlisted members in 2011). The overall ratio of minority officers $(54,753)$ to minority enlisted personnel $(372,163)$ is one minority officer for every 6.8 minority enlisted personnel. To conform to the Office of Management and Budget (OMB) directives, Hispanic is not considered a minority race designation and is analyzed separately as an ethnicity. Overall, 11.2 percent of the DoD Active Duty force is of Hispanic ethnicity.

Geographic Location. While the Active Duty population is located throughout the world, the three primary areas in which Active Duty members are assigned are the United States and its territories (86.5\%), East Asia (7.1\%), and Europe (5.8\%). The ten states with the highest Active Duty military populations are California (161,864), Texas (131,121), Virginia (125,418), North Carolina (106,689), Georgia $(74,468)$, Washington $(65,453)$, Florida $(58,974)$, Hawaii $(48,682)$, Kentucky $(44,421)$, and Colorado $(39,004)$. These ten states comprise 70.5 percent of the personnel stationed in the United States.

Age. About one-quarter ( $25.1 \%$ ) of Active Duty officers are 41 years of age or older, with the next largest age group being 26 to 30 year-olds ( $22.5 \%$ ), followed by 31 to 35 year-olds (20.1\%), 36 to 40 year-olds (19.0\%), and those 25 years old or younger (13.3\%). Few (5.3\%) enlisted members have a Bachelor's or higher degree, while most (93.4\%) have a high school diploma and/or some college experience. In the past 16 years, the percentage of Active Duty members who have a Bachelor's and/or an advanced degree has decreased for officers (from $89.6 \%$ in 1995, to $82.5 \%$ in 2011) but has increased for enlisted personnel (from 3.4\% in 1995 to $5.3 \%$ in 2011).

Marital Status. Just over half (56.6\%) of Active Duty military members are married, which is lower than the percentage that were married in 1995 (59.9\%). Over half ( $58.5 \%$ ) of Active Duty males and nearly half (45.7\%) of Active Duty females are married. In addition, 6.5 percent of DoD's Active Duty members are in dual-military marriages ${ }^{2}$. A small percentage of officers ( $2.1 \%$ ) and enlisted personnel ( $4.1 \%$ ) are estimated to have divorced during the 2011 fiscal year.

## Reserve and Guard (Selected Reserve) Member Highlights

Reserve Component. The data pertaining to Reserve and Guard members depict the Selected Reserve only, unless otherwise specified. ## INTRODUCTION

This Demographics Report presents a synthesis of demographic information describing Active Duty (Army, Navy, Marine Corps, Air Force, and DHS's Coast Guard) and Reserve component (Army National Guard, Army Reserve, Navy Reserve, Marine Corps Reserve, Air National Guard, Air Force Reserve and DHS's Coast Guard Reserve) members and their families. It serves as a reference tool for professionals who develop policy or deliver programs and services to military members and families in the Armed Forces. For previous years' reports, please visit the Military HomeFront Portal at http://militaryhomefront.dod.mil.

## The 2011 Report

To provide a holistic profile of the military community, the 2011 Report presents demographic information for the Active Duty and Reserve and Guard personnel. In addition, selected Census data are presented as a point of reference, and military demographics trends for 1995, 2000, 2005, 2010, and 2011 are included where possible.

## Presentation of Information

Military member demographics and family demographics are presented separately for Active Duty and Reserve and Guard populations as follows:

- Section I: Total Military Force
- Section II: Active Duty Members
- Section III: Reserve and Guard Members
- Section IV: Total Force Families
- Section V: Active Duty Families
- Section VI: Reserve and Guard Families
- Section VII: Reference Tables
- Data Sources and References

The data contained in this publication were derived from a variety of sources and, in general, only data that are available on a consistent basis for all Services are presented. The majority of data are managed by the Defense Manpower Data Center, particularly the Active Duty Military Personnel Master File, the Active Duty Military Family File, the Reserve Components Common Personnel Data System, and the Reserve Components Family File.

All exhibits included in this report contain source citations, and the Data Sources and References section of this document provides a reference for all data sources. Readers needing additional information are encouraged to directly access the listed sources.

## Guidelines for Interpreting Data

Guiding principles for interpreting data include:

- Numbers for population groups (e.g., Active Duty, enlisted members) may vary across exhibits as a result of different data sources, missing data, and/or rounding.
- Percentages may not total to 100 due to rounding or missing data.
- Warrant officers are included with officers unless otherwise noted.

In the Active Duty sections of this report, data are presented for the four DoD Service branches (Army, Navy, Marine Corps, and Air Force). Some information about the DHS's Active Duty

Coast Guard is presented in the Total Military Force section of this report. In the Reserve and Guard Members section, the label "Total DoD" is used to reflect the six Reserve components (Army National Guard, Army Reserve, Navy Reserve, Marine Corps Reserve, Air National Guard, and Air Force Reserve) under DoD, while "Total Selected Reserve" includes DHS's Coast Guard Reserve data in addition to data from the DoD Reserve components.

The data pertaining to Reserve and Guard members depict the Selected Reserve and the National Guard and do not include any other Ready Reserve forces (i.e., Individual Ready Reserve and Inactive National Guard) unless otherwise specified. The introduction to Section III describes the composition of the Reserve forces of the United States and explains why most data displays are limited to Selected Reserve personnel.

All data pertaining to Active Duty and Selected Reserve family members (i.e., spouses, children, and adult dependents) are extracted from the Defense Enrollment and Eligibility Reporting System (DEERS). Therefore, the data are dependent on the military members reporting the necessary information.

## SECTION I: TOTAL MILITARY FORCE

This section contains numeric data for the total military population, including Active Duty, Reserve and Guard forces, and DoD civilians.

This page is intentionally blank.

## TOTAL MILITARY FORCE

### 1.01. Military Force Personnel ( $\mathrm{N}=3,690,270$ )

This pie graph presents the total number of Active Duty and Reserve and Guard members from all branches of the DoD and the DHS's Coast Guard, as well as the civilian personnel who support the DoD. Overall, the total military force comprises $3,690,270$ people. DoD's Active Duty members make up 38.2 percent of the total military force. Data for all DoD Active Duty members are presented in Section II.

All Reserve and Guard manpower is assigned to one of three Reserve Component categories: the Ready Reserve, the Standby Reserve or the Retired Reserve. The Ready Reserve makes up 29.2 percent of the total military force. The Ready Reserve comprises the Selected Reserve, the Individual Ready Reserve, and the Inactive National Guard. Because Selected Reserve members train throughout the year and participate annually in Active Duty training exercises, they are the primary focus of the Reserve sections of this report. The DHS's Coast Guard Reserve members are frequently called for duty; therefore, their data are included as well. Data for all Selected Reserve members are presented in Section III.

* Includes Coast Guard Reserve.
** Includes Non-Appropriated Funds civilians and Appropriated Funds civilians. Note: Percentages may not total to 100 due to rounding.

## TOTAL MILITARY FORCE (CONT.)

## SECTION III: RESERVE AND GUARD MEMBERS

This section contains numeric data on the Reserve and Guard population, including the DoD Reserve and Guard components as well as the DHS Coast Guard Reserve. All Reserve and Guard manpower is assigned to one of three reserve component categories: the Ready Reserve, the Standby Reserve, and the Retired Reserve. The first two exhibits in this section present information on Ready Reserve personnel. The Ready Reserve comprises the Selected Reserve, the Individual Ready Reserve, and the Inactive National Guard. Because Selected Reserve members train throughout the year and participate annually in Active Duty training exercises, the rest of the exhibits in this section are focused on the Selected Reserve. The specific characteristics of the Selected Reserve components addressed in this section include gender, race/ethnicity, geographic location, age, education level, marital status, and retirements and losses.

## 2011 BASIC MONTHLY PAY

Pay grades are administrative classifications used primarily to standardize compensation across the military services. The "E" in E1 stands for "enlisted" while the "1" indicates the pay grade for that position. The other pay categories are "W" for warrant officers and "O" for commissioned officers. Basic monthly pay for 2011 is rounded to the nearest dollar (e.g., \$2,416.20 is rounded to $\$ 2,416$ and $\$ 2,514.60$ is rounded to $\$ 2,515$ ). If no dollar amount is listed, then a dollar figure is not established for that category.

## 2011 DRILL PAY FOR OFFICERS

Drill pay is the amount Reservists are reimbursed for training. One drill is at least three hours of training, and four drills normally represent one weekend of training (equaling 8 hours on Saturday and 8 hours on Sunday). If no dollar amount is listed, then a dollar figure was not established for that category. When an officer from a Reserve component was called for Active Duty during the 2011 calendar year, the Service member was salaried for his/her equivalent pay grade at the Basic Monthly Pay amount.

## 2011 DRILL PAY FOR ENLISTED MEMBERS

Drill pay is the amount Reservists are reimbursed for training. One drill is at least three hours of training, and four drills normally represent one weekend of training (equaling 8 hours on Saturday and 8 hours on Sunday). If no dollar amount is listed, then a dollar figure was not established for that category. When an enlisted Reservist was called for Active Duty during the 2011 calendar year, the Service member was salaried for his/her equivalent pay grade at the Basic Monthly Pay amount.

## 2012 DRILL PAY FOR ENLISTED MEMBERS

Drill pay is the amount Reservists are reimbursed for training. One drill is at least three hours of training, and four drills normally represent one weekend of training (equaling 8 hours on Saturday and 8 hours on Sunday). If no dollar amount is listed, then a dollar figure was not established for that category. When an enlisted Reservist was called for active duty during the 2012 calendar year, the Service member was salaried for his/her equivalent pay grade at the Basic Monthly Pay amount.

## ARMED FORCES COMPARATIVE PAY GRADES AND RANKS

While pay grades are administrative classifications used primarily to standardize compensation across the military services, ranks indicate a level of responsibility (for personnel, equipment, and mission), which grows with each increase in rank. This table provides a listing of ranks by pay grade and branch of Service.

## UNITED STATES INSTALLATION POPULATION BY STATE

This table presents United States military bases organized by state. For each base, the zip code, nearest metro city, miles to nearest metro city, and total number of sponsors, dependents, and personnel are presented. The data in this table are based on the "duty locations" of the Sponsor only. There are instances where sponsors and dependents are co-located, but dependents may not be located at these installations.
